

HEAVY DUTY CUTTING TORCH

MK-K251

Koike's versatile
MK-K251
is a universal type torch
employing tip mixing method.

The MK-K251 Gas Cutting Torch is well-balanced, simple and rugged in design and durable. It will reduce risk of flashback. Even if flashback should occur, the tip mixing method reduces risk of damage to the unit. The MK-K251 is designed for many applications, therefore is very efficient : by changing tips depending on the job, one MK-K251 cutting torch fulfills various functions.
